Broken Table

Level

Beginners: Basic table structure

Yellow difficulty level.

Time

15 to 30 minutes

Challenge

A table looks wrong (an extra row has been inserted, breaking the table layout). Can you fix it?

Progression

Remove the extra tr tags.

Add a new row for you and everyone else on your table. You will need to source images for the foods.

Add an extra column with your rating for each food (marks out of 10).

Create a brand new table with favourite pets, sports teams, toys, gadgets etc.

Aims

Understand table structure.

Add images.

Troubleshoot broken code.
